# FUND MANAGER'S COMMENT

The typical portfolio registered a return of 2.05% in March, which was higher than the benchmark FBM EMAS Shariah return of 1.00%. Manulife Investment-HW Shariah Flexi was the top performing UT funds in the month. The outperformance was attributed to its position in the Industrial, Property, Construction and Healthcare sectors. Phillip Dana Murni was the worst performing UT funds in the month. Underperformance was due to the nature of bonds which is generally more stable than equities, nevertheless the fund registered positive returns in March and YTD.
